

《Indication of License》

Version 2.00

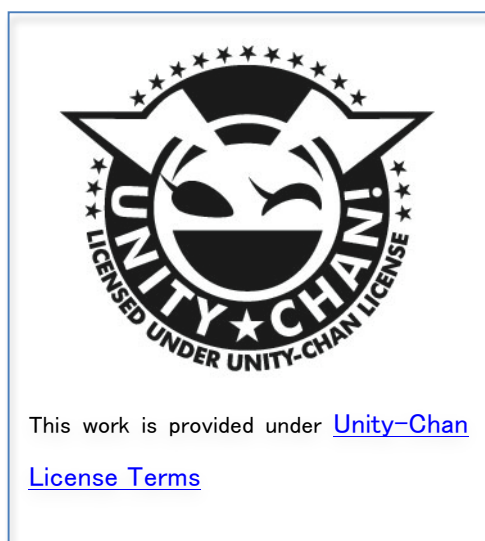

Created March 6, 2014

Revised May 19, 2014

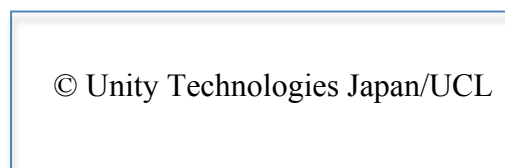

Amended December 1, 2015

In order to indicate that the Derivative Work activities are being conducted using the [Company's Character](#) under the [Unity-Chan License Terms](#) (the "License"), creators shall display either of the following **UCL Logo or License Sign** on the Derivative Work itself or a leaflet, copyright page, package or the website where it will be released, etc. when releasing or distributing the Derivative Work you created.

Examples of UCL Logo or License Sign

OR

OR

[Using Digital Asset Data not including Company's Characters]

If a portion of the Digital Asset Data of Company's Characters is converted to characters which have different appearances compared with the Company's Character, it shall comply only with the separately defined [Asset Store Terms of Use and End-user License Agreement](#) and not with this License.
